PROFESSIONAL SUMMARY

Electrical engineering graduate with exposure to power plant systems, electrical equipment, instrumentation, and industrial electronics. Possess strong fundamentals in electrical engineering and keen to build a career in power and automation industries.

EDUCATION

B.Tech in Electrical Engineering 2022 - 2026
KIPM College of Engineering and Technology
CGPA : 7.96

Intermediate (CBSE) 2021 - 2022
Urmil Unique Central Academy
Percentage : 81.8%

High school (CBSE) 2019 - 2020
Urmil Unique Central Academy
Percentage : 81.1%

INTERNSHIPS

SAHASRA ELECTRONIC SOLUTION LIMITED JULY '25 - AUGUST '25
Acquired practical knowledge of electrical components, PCB manufacturing, and assembly lines, studied SMT Line operation, reflow soldering, and inspection methods, and production workflow in electronic industry.

NTPC VINDHYACHAL (India's largest thermal power plant) JUNE '25 – JULY '25
During my training, I gained exposure to the power generation process, operation and maintenance practices, Control and instrumentation system and environment and safety measures.

PROJECTS

Real-time web-based BMS monitoring for EV charging station

Develop a web-based battery management system that allow users to monitor battery charging status and check charging station slot availability in real-time.

Fault detection in a transmission line

Develop a prototype that focuses on identifying and locating faults in the electrical power transmission system to ensure a reliable and continuous power supply.

Tesla Tower

Design a prototype wireless transmission system capable of transmitting electrical power and communication signals across long distances without the need for wires.

SKILLS

- Operation and maintenance
- Transformer, Generator and Switchyard
- PLC and SCADA basics
- SMT & PCB testing
- Industrial and safety standards
- MS Excel, Word, Power point

Professional Skills:

- Communication, Time Management, Teamwork, Adaptability, Quick Learning & Leadership.

CERTIFICATION

Python for beginners -NIELIT, Calicut, Kerala

Robotics Process Automation- NIELIT, Gorakhpur
